Philippine Airlines has strict size and weight limitations on the carryon luggage which they are enforcing at the airport more than ever now. Passengers are allowed one carryon weighing no more than 15lbs. *Total dimensions of the bag (height + width + depth) must not exceed 45 inches with maximum dimensions of 21 in x 16in x 8 in INCLUDING HANDLES AND WHEELS.* Passengers are also allowed a small personal item such as a laptop case/bag or purse. Most normal carryon bags exceed the size limitations, so it's best to be prepared. If a carryon bag exceeds either the size or weight limitations shall be treated as Oversized and will be charged an Excess Baggage Charge (EBC)

Each person is allowed TWO 50lb checked bags. (Total dimensions of each piece should not exceed 62in). \* *Total dimensions are measured by adding together the height, width and depth of the bag.* Check-in bag that exceeds the allowed dimension shall be treated as Oversized and will be charged an Excess Baggage Charge (EBC) of \$150 one way.
